### Verse

I walked upon the earth alone  
I was torn away  
I have fallen  
But never bow

Till my day arrives  
I will learn how to live  
Dying but standing on my feet

### PreChorus

For someone inside an empty dream,  
To find an exit takes lots of proving to do

### Chorus

I'll never forget,  
I saw it in your eyes  
You gave me the fire  
That would break me out  
Break me out  
Break me out  
Break me out

### Verse

I let the rain  
Erase my name  
Because now the struggle has a face  
My fate unfolds  
It's all getting clear  
Lightning the darkness that once set in

### PreChorus

I closed my fist and held it high  
Forgave what haunted me  
This time it's do it or die

### Chorus

I'll never forget,  
I saw it in your eyes  
You gave me the fire  
That would break me out  
Break me out  
Break me out

Break me out
