Hand in hand  
Me and you together  
Forever hand in hand  
We can make it better  
Hand in hand  
Hand in hand  
Up and down together  
Together hand in hand  
Live as friends forever

Hand in hand

Hand in hand  
We've gotta move on baby  
Hand in hand  
We've gotta find a way  
Hand in hand  
We've gotta move on baby  
Hand in hand  
We change the world today  
Move on baby  
Move on baby

Love, peace, black and white  
We've got to reunite  
Boom-said-a-boom-said-a-boom-said-a-boom  
So many people love the way you look

.....  
Side to side you're never gonna feel wrong  
We've gotta move on baby  
Hand in hand I want together we stand  
Up and down we're gonna find a way  
Love, peace, black and white  
We've got to reunite
