No, don't go
There are still dreams and bridges to burn
And you'll know
There are lessons I still have to learn

Always you
Your lies
Your bitterness
Always you
Your lies
Your bitterness
Always you
Your life
Your ignorance
Always you and
Your useless
Disguise
So, you sold
Your paralised view to the world
Now behold
This victor with nothing to hold

Always you
Your lies
Your bitterness
Always you
Your lies
Your bitterness
Always you
Your life
Your ignorance
Always you and
Your useless
Disguise
