Old way of life
Infectious thorn resides
Beneath all ties to that which testifies
Concealed remains
This body of death complains
Curse God - Liberate
Tyrant of Enlightenment
From spiritual restraint
God Asphyxiation, God Asphyxiation
Won't You die (x2)
New way of life
Blood stained from sacrifice
The Cross-Skull place
Man of old construction buried
Dead beneath His grace
Confess in faith undealt with sin and make amends -
reinstate
Love and dedication to the
One killed in your place
God Asphyxiation, God Asphyxiation
Won't You die (x2)
