Like a dove  
The spirit came down on him  
Descending on the man fully God within  
Power on high without refrain  
Christ the son of God  
We call upon his name  
Praise Him (x2)  
Appealing to his nature  
By which we died  
Incarnate human Savior  
Jesus Christ - Lord  
Life in which we die  
Only he provides  
Shelter from all pride  
Let him crucify  
Power from on high  
In him we're justified  
Separate from flesh  
Spirit sanctified  
Justified  
By death of the Only Son  
Murdered without trial for the age to come  
Like a little child accept his shame  
From the Book of Life  
The Lord cries out your name  
Praise Him (x2)  
Lord (x2)
