no regrets from the outside
or safe bets to make
a package with a new name
a safe bet on the side

you tell me i don't belong
the truth might be wrong
you pretend i don't exist
well pretend you don't hear this

i've got a bomb in my backpack
i've got a shoebox full of snakes
checks in the mail
yeah fuck you, fuck you
checks in the mail
fuck you

you tell me i don't belong
the truth might be wrong
you pretend i don't exist
well pretend you don't hear this

i've got a bomb in my backpack
i've got a shoebox full of snakes
checks in the mail
yeah fuck you, fuck you
checks in the mail
fuck you
