

Mindset "Wasted Time"

Visit "[Wasted Time](#)" on MotoLyrics.com

you only know me by my name
but that's ok
it's through the flesh, inside the bone
just past my soul
now it's cold
i might never see the sun
getting older
look at all this wasted time
i only know you by your name
but that's ok
this mental weight
can pull us down
it works us both

now it's cold i
might never see the sun
getting older
look at all this wasted time
well it all burns down
as time flies by
and we're gone
yeah we're gone
now it's cold
i might never see the sun
getting older
look at all this wasted time
