Since I met you, baby
My whole life has changed
Since I met you, baby
My whole life has changed

And everybody tells me
That I am not the same

I don't need nobody
To tell my troubles to
I don't need nobody
To tell my troubles to
For since I met you, baby
All I need is you

Since I met you, baby
Skies are blue above
Since I met you, baby
Skies are blue above

I'm gonna make you happy
And give you all my love

Since I met you, baby
You're my only man
Since I met you, baby
You're my only man

I'm gonna try to please you
In every way I can
