I don't know why we can't talk
Every time we try, we get choked up
Running with the feelings
That gets caught in your head
'Til I can't remember what it was we said

All my friends say I'm in love
Is this what I think they're thinking of?

I don't know why we can't win
Every time we lose, we just pretend
Running out of money at the end of the month
None of it can buy the things I want

All my friends say I'm in love
Is this what I think they're thinking of?
Count my friends on my left hand
I don't need another who wouldn't understand

Take myself with thoughts of leaving
Running out of things left to believe in
Running out of money and time
Running out of money and time
You won't be mine

I don't know why we can't win
Every time we lose, we just pretend
Running out of money at the end of the month
None of it can buy the things I want

All my friends say I'm in love
Is this what I think they're thinking of?
Count my friends on my left hand
I don't need another who wouldn't understand

All my friends say I'm in love
Is this what I think they're thinking of?
All my friends say I'm in love
Is this what I think they're thinking of?
