These cigarettes aren't doing their shit  
I hoped that they would ease my mind  
I'll fade away and call it a day  
Tomorrow I'll be just fine

It's too soon to care and too much to ask  
Once you're at the top of my list  
So I'll hide away and hope that some day  
I'll talk about the bitch like this

I'll be awake if ever you call  
But I won't answer my phone  
Cause I'll be in bed not sleeping at all  
But I won't be in bed alone

It's too soon to know and too late to think  
Not enough to waste my last wish  
I'll fade away and hope that some day  
I'll talk about the bitch like this

Oh honey, honey I lived my life for you  
I got so sick of all the things that you used to do

We had a love, a love that met it's bitter end  
I don't, don't, don't want to try that love again

So baby, baby I don't need your love  
You can't change your ways I don't need your love

I don't need your love I don't want your love  
I can't have your love  
Because you're not the girl that I'm thinking of

I don't need your love I don't want your love  
I can't have your love  
Because you're not the bitch that I'm thinking of
