Someone broke the best of you
And left the rest to me
What was one now torn in two
Not what it's supposed to be

You walk with burned out promise
The power to please lies in your hands
Unselfish gifts to all around you
Damn it's hard to be your man

It makes me scream Makes me scream inside

Someone broke the best of you
And left the rest to me
What was one now torn in two
Not what it's supposed to be

I'm dealing with my demons
Held up inside my head
Holding what I should have done
With what I did instead

It makes me scream Makes me scream inside

I've given up on reason and
I'm placing blame on seasons but it
Seems I've got to see
That what I loved is memory
The roads I've walked I've been alone
Now what I thought you were is gone
No matter how I try
I can't pretend I've never cried
God Damn your cold and bitter heart

It makes me scream Makes me scream inside
It makes me scream Makes me scream inside
