So you'd rather the sea change,
As the mountains are melting under you?
Watch the ocean, how she rises
Turning everything blue.

And blue, blue is the sky
Above this fading satellite.
Spinning her way,
Back to the stars...

To be burnt,
Burnt by the sun
Into the void
Where we begun.
Oh, we are burnt,
Burnt by the sun
Into the void
Where we begun.

And love, love is the answer
How many times, how many prophets have to tell you?
It's astounding, cause you live here.
Don't you live here too?

And blue, blue is the sky
Above this fading satellite.
Spinning her way,
Back to the stars...

To be burnt,
Burnt by the sun
Into the void
Where we begun.
Oh, we are burnt,
Burnt by the sun
Into the void
Where we begun.

So the black line horizon, once it was golden
Can't find the breath to describe it to me,
Cause there's water just everywhere,
And nothing to breathe.

Burnt!
Burnt by the sun
Into the void
Where we begun.
Oh, we are burnt,
Burnt by the sun
Into the void
Where we begun.
Oh, we are burnt,
Burnt by the sun
Into the void
Where we begun.
