Too bad, she don't love you no more  
And I've a half a mind to give her a call  
Curled up in a ball,  
Is that where you are? Is that where you are?

It was the same for me  
I'll tell you what you will see  
As you go

Down, down, down, down  
Down, down, down, down

Never wished you any harm  
But Karma has a certain charm  
My dad always used to say  
You never run up a tab  
You don't eventually have to pay

Well it was the same for me  
I'll tell you what you will see  
As you go

Down, down, down, down  
Down, down, down, down

Buy a book that'll teach you how to relate  
Then tell her all the things you learned too late

In time, the pain will go away  
And you'll be free to love and lose another day  
Mind what you do  
'Cause as you see, things come back to you

What do you want from me?  
I'm not sorry that you are

Down, down, down, down  
Down, down, down, down  
Down, down  
Down, down, down, down

La la la

Oh no no no no  
Ooh yeah, la la la oh la la  
Oh no no no no
