Title: Dancing In The Backyard

She came to me
With that look on her face
There is freedom she says
In changing our ways

I don't believe
In staying the same
Cause I just don't relate
To the things that I say

When there's no one there to correct me
To put me in place
And there's gonna be a dance in the backyard

[CHORUS]

Oh, come with me
Oh, don't be sad when there's a party going on
Come with me, I'll take you
Dancing in the backyard
Dancing in the backyard

She's the kind of girl
That'll mess up your head
There is freedom she says
In being mislead

I don't believe
In being myself
Cause I just don't approve
Of the choices I make

When there's no one there to correct me
To put me in place
And there's gonna be a dance in the backyard

[CHORUS]

Oh, come with me

Oh, don't be sad when there's a party going on
Come with me, I'll take you
Dancing in the backyard

Oh, come with me
Oh, don't be sad when there's a party going on
Come with me, I'll take you
Dancing in the backyard
Dancing in the backyard
Dancing in the backyard
Dancing in the backyard

No one there to correct me
To put me in place
And there's gonna be a dance in the backyard

[CHORUS]
Oh, come with me
Oh, don't be sad when there's a party going on
Come with me, I'll take you
Dancing in the backyard

Oh, come with me
Oh, don't be sad when there's a party going on
Come with me, I'll take you
Dancing in the backyard
Dancing in the backyard
Dancing in the backyard
Dancing in the backyard
