Title: Keep coming around

I say I'm sorry, way too often girl
and you always take your time
sweet-talking slowly, like a baby doll
and what's that behind your eyes?

well, keep coming around for more, girl
keep coming around again
keep coming around for more, girl
keep asking me to stay

feels like I know you
but I can't be sure, coz
you never taught me how..

feels like I love you
but it's hard to tell
and most of the time I just try

well, keep coming around for more, girl
keep coming around again
keep coming around for more, girl
keep asking me to stay

Wish you'd stop tryin',
you're tryin' too hard
and you can't change what I am.

wish you'd try liein',
there's somethin' worse
that's somethin' I'd understand
that's somethin' I'd understand

Think we're alone now,
no one's listening you see..
what's that behind your eyes?
I'm safe but I'm sorry
Just a little worried now

tell me what's on your mind

well, keep coming around for more, girl
keep coming around again
keep coming around for more, girl
keep asking me to stay

Wish you'd stop tryin',
you're tryin' too hard
and you can't change what I am.

wish you'd try liein',
there's somethin' worse
coz I don't have a plan
