Title: No Particular Girl

-----

She's a friend of a friend  
Most of the time she is nothing else  
Skinny little girl with starry eyes and a crooked smile

She's easily lost  
But she can always locate my softer spots  
and she laughs in a way that makes me wanna open up

She's no particular girl  
(No particular girl)  
No particular girl

She's a broken crime  
Just a little less than a suicide  
She's the sweetest girl to ever walk the borderline  
Silly child  
She's a dream gone bad  
And most of the time she is not worth having  
Why do I get these kicks?  
When I close my eyes, step aside

She's no particular girl  
(No particular girl)  
She's no particular girl

Her eyes are dim  
More like a lamp when it's not plugged in  
But it's not enough to warn you 'bout the mess you're in  
She's your safest bed  
The piece of the action you won't regret  
but once it's a part of your life you'll never feel to seem  
again

She's no particular girl  
(No particular girl)  
No particular girl

She's no particular girl  
(No particular girl)  
She's no particular girl

She's no particular girl  
(No particular girl)  
No particular girl

She's no particular girl  
(No particular girl)  
No particular girl
