There's a scar going straight through my heart,  
through my flesh and blood  
and it's eating me up

and all the deadweight I carry around  
just to pick at you  
it's all that I've got

and I don't wanna get over you  
'coz what's there to go over to?  
kinda like being blue when you're calling..

Don't ever let her know  
if you're fallin' in love  
'coz when you're on your own  
you're all you've got

Just like the space of an empty room  
it's nothing but space to you  
to me it's a void

and I don't wanna get over you  
'coz what's there to go over to?  
kinda like being blue when you're calling..

I wanna go where the strange ones go  
know what the strange ones know  
turn the lights down low

and if I loose you  
once and for all  
would I take the fall?  
What if I let it go?

No, I don't wanna get over you  
'coz what's there to go over to?  
no, I don't wanna get over you  
'coz what's there to go over to?  
Kinda like being blue  
when you're calling, hear you calling..
