There are times she cries when i do wonder way, we'r  
all so afraid to die.

See her eyes getting wet by the third sigarett. Politly i  
ask her way?

Ther's so many people around me, and it tears me  
apart.

Seems i can't comit at all without breaking someones  
heart.

And when i'm alone in the end of the day, there's no  
one to see if i'm ok.

And i do care for you she says kissing my chek.

But you'll be gone by the end of the week.

And if i were to wait for someone like you, then i hav to  
give up what i do.

I might hate my self for telling you this.

But you'r not enough she says biting her lip.

You might think i'm a cowerd that i haven't the nerve,  
but i'm not what you deserve.
