O'Dell, Stokley)

Spoken:

Another one?

Damn, she's fine

Verse:

Now it's been seven years

And now and then

My mind just cuts into the past

Thinking why we just didn't git it right to it

We had to tear away

Because we feared our love was shaking us

Our hearts were taking us higher and higher

Bridge: 1

Our work was second to none

But we got in the way

Career plans were busted

Our lives were thrusted with passion and fire

Bridge: 2

Now that all is said and done

I didn't think at all

That I would still feel the same

Will you respond

Chorus:

I wanna

Do u wanna

Touch me

Like I wanna touch you

I wanna

Do U wanna

Feel me

Like I wanna feel you

Verse:

It's been so lond since you've been near

You've had plenty of time to clear the mind

Plenty of time for you to find just what you want

But there's one element that you're missing

Further around down the mind

Baby don't you know who you could be kissing

Bridge 1:

Bridge:

We've been together as friends

3 But did you think at all
That you would still feel the same
Would you respond
Chorus 2x
People do U wanna.....Yeah
It's the capital funk (What's that?)
It's the capital funk (What's that)
Adlib Chorus til end of song
