Verse:

I'm not the one who goes for my own pleasure  
And then just brush you aside  
I'm here to please and meet all your expectations  
Ultimately satisfied  
You trigger my affections  
To mirror your sensations  
I promise you  
I'll do you so right

Chorus:

If you don't feel good  
Then I don't feel good  
Don't you know I love you so crazy  
If your not ticking  
Then I'm not tockin  
Nobody does it betta than me

Verse:

Now that you've had a little taste of my flava  
You've found you've deeply touched my soul  
See when you learn and understand each other  
You get a simple unconditional flow  
Nobody can stimulate (No)  
Excite the way (No)  
Blend the way you do  
Girl I'm gonna satisfy you

Chorus

Adlib:

We're like a weeble wobble and we don't fall down (2x)

Chorus

(3x)

Adlib:

We're like a webble wobble and we don't fall down (4x)

Adlib til the end of the song
