Written by: Lawrence Waddell

Spoken

Come here sweetheart,

There's something I need to say

And I wanna share it with you

Right here, right now

Come on walk with me

I gotta tell you what I'm feeling,

Gotta make you realize

So let me tell you what I'm thinking

I need to have you by my side

You give me something to believe in

And now I promise on this day

I'm gonna love you, always

Chorus

I dedicate my heart my soul I give to you

This day, this minute right now

Let this moment mark the day I pledge my love for you

This day, this minute right now

(2x)

I must admit you've got me weak kneed

You know you turn me on and on

The irony is that in weakness

It's still your love that makes me strong

I gotta say that I'm so grateful

Tho have this change today

To look into your eyes, and say

Chorus

Bridge

Now this is the real thing

Everyday a new beginning

Here with you is where I belong

Together on & on

Chorus w/Adlib

Just let the moment seize us, please us

Let the feeling tease us, lead us

4x w/Adlibs to end
