[Verse]

Somebodyâ€™s talking in subliminal shit, with minimal
whit
When will he get off Eminemâ€™s dick? Give him his
hit
Saw him on youtube in a room full of dudes barefoot
No women its feminine shit. Now whoâ€™s the never
been
Iâ€™m better than youâ€™ve ever been bitch! If ones
things evident
its when I spit I never been bitch. But your too pussy to
say
my name you would be, play footsie with scooter,
begging
Kid Cuddy to do a hook. Stop the bumming for music
Look fucker set up, I sit back didnâ€™t want to listen to
your
Shit to diss back. I mean we lose to this elf I lose to my
self
How could he have me cornered, I got the room to my
self
we all know that but you let Scooter put a batteries in
your
Hallow back like you work in a Volvo plant, so either A
keep
Away take over a week to play cuz beef this way will

leave your
Face super ugly when the ether spray, meet the greeter
at the
Pearly gates. Verbally put you in the hearse at 4:38. I
am taking
You to an early grave. Your fam will herl for days, we
ripped
Em's voice from your throat, and gave you auto
tune, put you
In a world of pain, been a lot harder kid, I've been
spittin shit
Not thought of yet. You just got your hip hop starter kit.
Retire with the spit shit, cuz if Em hadn't been tired
for a quick
Bit then you'd be Van Wilders assistant. Man some
swear they
Made it and their barley famous. Better curd your
enthusiasm
For you play your self like Larry David, here lies Asher
who's
Features Label barely paid it and already their making
funeral
And wake arrangements. Rest in Pieces whos flesh
peaced it
Its best to please us, or just be decent, so Rest in piece
kid and
rest with Jesus, Rest in piece kid. Haha yeah Mr. Slight
chance
to blow or the white rapper show, figured fuckit, ill just
bite
Mathers flow, who has to know? Prob is that your souls
that
of a white Casper ghost. Figured it fuck it again and
Close
pinned half his nose. Quincident his voice is like a twin
or
Is he biting slim? Hmm! Im running with the ladder
like a fireman,
Maybe I shouldn't be battling Woody Allen. But
maybe if he stopped
talking like this all day there could be talent, What? Cat
got your tongue?
I see this pussy frownin, your features would be
frownin if you weren't
throwin them thousands. Drama Co-Signed but its not
cuz how hot he
rhymes, its cuz he sees possible dollar signs from the
college kind. the
whole globe can look, life is like a open book. I have
you on my blog daily
stressed smoking kush, CAPS ON, irrational pantin,

while I blog on hip
hop DX all caps off like the national anthem. Huh? This
isnâ€™t even back
and forth, this is I threw it you once and you cast was
off, fucker
Asher Roth, spread ether on his ass, too pussy to set it
off like my
Teeth were on the gas and plus your queefin on the
pad, leakin
Bleedin to your dad for Emâ€™s tape while you
menstruate bleedin
On the rag take this beating like a man. Get defeated
like a stan
Iâ€™m Chris Brown a wife beat, the Rihanna throwin
keys threw his
Lamborghini when heâ€™s mad. Never even went to
parties hes deceiving
All his fans, if he did he sat in the corner and sipped
seagrams like
a fag. See the thinking im mad but the reasons Iâ€™m
even speakin
on this fag is for 20 minutes its free was in the trash,
ask Steevie
if hes mad for signing a Mormon. Lookin like he survied
a abortion
here he lies in his coffin for toe taggin himself Asher
put his own
nail in his coffin like he was gagging himself.
