To the, to the,
We don't stop,
Tic toc, tic toc,
We don't stop,
Stop, stop, stop,
To the, to the,
Tic toc, tic toc!
Tic toc, tic toc!

[Chorus:]

Sometimes I envy my best friend for being dead,
Feeling sorry for myself, wishing that it was me
Instead.

Sometimes I wanna cry, sometimes I wanna die,
Almost everyone I love is in the sky,
Can't help to wonder why.

Same game but I'm gonna reset it,
And every ex who ever dumped me,
Is gonna regret it!

So you say I've got a fucked up aura,
You just remain in the scene, I fucked up for ya!

Forrest Gump, I'm in it for the long run
Feels like time suspended while the song runs
Earth's freezing, so quiet I can hear a bird sneezing
Freezing out here, but I'm tryin'a make it a different
Season out here

What's your reason out here?

I wrote a few new campfire chants,
Guaranteed to make a few vampires dance
Damn right anti-stab

Meet at the camp side as I burn my advance
On the curb by the branch till it burns right to ash
Booked to the future but learned by my past
Tell the world I am mad and we're not on speaking
terms

Maybe in a week I learn, lately I've been needing a
Burg

Going crazy I'm a need some church

[Chorus:]

Sometimes I envy my best friend for being dead,

Feeling sorry for myself, wishing that it was me
Instead.

Sometimes I wanna cry, sometimes I wanna die,
Almost everyone I love is in the sky,
Can't help to wonder why.

Same game but I'm gonna reset it,
And every ex who ever dumped me,
Is gonna regret it!

So you say I've got a fucked up aura,
You just remain in the scene, I fucked up for ya!

Now I lay myself down to sleep
At 30 000 feet, the Earth's down beneath
What I'm looking around to see
I parachute miles above the clouds
I'm coming down smarting up before I dumb it down
Centrum, depends on the ground, how far it gets, how
Hard I hit

Tic toc you don't stop or we can go up at a friend that
I quit now won't cop

Tic tic or you don't quit

Today I owe my dealer and a friend made a bet with a
Whole lot

Quit tryin'a figure out what changes people

I say famous egos go to nameless zeros

In a race against time and I don't even know what I'm
Running for

I'm just doing it cause I'm fucking bored

No reason to lie, give me one of yours!

Try cover up my lies no cover tour

[Chorus:]

Sometimes I envy my best friend for being dead,
Feeling sorry for myself, wishing that it was me
Instead.

Sometimes I wanna cry, sometimes I wanna die,
Almost everyone I love is in the sky,
Can't help to wonder why.

Same game but I'm gonna reset it,
And every ex who ever dumped me,
Is gonna regret it!

So you say I've got a fucked up aura,
You just remain in the scene, I fucked up for ya!

Here's where Copy goes beserk hold your perks
Now only being sober works oh for sure
Next week you'll be phoning jerks
Check out what the price goes for perps
Maybe but uhh, what if I'm wrong, what if you're right
Pat yourself on the back and get my butt up to fight
I won't shut up in life I know too well what struggle

Is like
Go change you, I got angels
My dad is a left, my mother's a right
Dad's left cause he left and my mother was right
She told me "never quit" you'll discover the light
Remember the end of the tunnel with the sun in my
sight
I see clearly when I'm deep in thought she hears me
And she talks back to me, it's no weird theory
I'm just waiting to meet up with her with no clock
To the to the tic tic you don't stop

[Chorus:]

Sometimes I envy my best friend for being dead,
Feeling sorry for myself, wishing that it was me
Instead.
Sometimes I wanna cry, sometimes I wanna die,
Almost everyone I love is in the sky,
Can't help to wonder why.
Same game but I'm gonna reset it,
And every ex who's ever dump me,
Is gonna regret it!
So you say I've got a fucked up aura,
You just remain in the scene, I fucked up for ya!
