One to nine bonus
Get your scrapbook overhere
And do your dance dance
Let my worries disappear
Im on it
One to nine rehab
I can't take it anymore
So make me keep on breathing
Like you used to do before
I panic
One to nine hold you
Youre no easy way out
Youve got a headstart
But that don't mean you'll get out
I suffer
One to nine suffer
Hurts like hell it's no good
Ive got a bad cough
I guess i love you too much
I panic
