Coins I could drop shake in my pocket,
They shake like you do
Steps that you take bend and they break,
They break like I do

Running out of excuses
When we know what the truth is
I'm into you
When you hear this song,
You'll say you knew all along,
You're into me too

The vibe you send sets me at my end,
Do you get my vibe too?
You've held me on for so long
With what's a lie and what is true

Running out of excuses
When we know what the truth is
I'm into you
When you hear this song,
You'll say you knew all along,
You're into me too

That black and white dress
Puts me into a trance
As I memorize you
If this game of chance
Ends in a loss
I just lose it to you

Running out of excuses
When we know what the truth is
I'm into you
When you hear this song,
You'll say you knew all along,
You're into me too
