

Minus "Frat Rock"

Group of friends making music together,
All personalities combined.
Shines from our faces,
Focused like men who climb high mountains.
It's our fraternity, our creation.
Dedicated to one another but sometimes hating each
other.
A glance at the music scene that we take part in is a big
fraternity rock.
It's our rock, our frat rock.
Independant but dependant to the people.
A brotherhood not like Hollywood.
When it's fake we hear a click of high heels,
When it's real we know it's all worth while.
Beacuse it's rock, our frat rock.
