We're racing through the dark  
On a road along the shore  
And the law says we should stop  
So we break a couple more  
With the windows all down  
We just throw the cans out  
And now you're laughin' through the wind  
Swearin' we won't do it again

We're off too much now  
Pay off sells itself  
We cough too much now  
(But we're) too young for ourselves

We're racing through the dark  
Down the beach by the pier  
And you ran into the sea  
Like a cop without fear  
"You're gonna ruin your shoes!"  
"You're gonna ruin your shoes!"  
And you're wading through the bay  
Like you do it everyday

We're off too much now  
Pay off sells itself  
We cough too much now  
(But we're) too young for ourselves

The bay's so uncertain  
It's too cold, but we swim  
The rain could come at any moment  
The gray sky's closing in

Girl, just kiss me

I couldn't sleep for days  
And I couldn't move  
You couldn't come too soon  
To break me from that room  
And now I'll sleep for days  
But in a different place

We're off too much now  
Pay off sells itself  
We cough too much now  
(But we're) too young for ourselves
