And I'm in the wind  
I am going to let it take me where it may  
Maybe it lifts  
Me to New Orleans or the dark streets of L.A.  
I'm in the wind  
I am in the wind  
And if I fall to where you're standing  
Will you tend to me?  
I'm in the wind  
I am in the wind  
And if I end up in your arms will you help me stay?

I want your comfort for the evening  
I need to pause and get my head  
Hold me down, baby  
Or the wind will catch me out again

I'm in the wind  
And I don't know how long the breeze will let me stay  
Maybe your kiss  
Will calm the weather down and let me wait

I want your comfort for the evening  
I need to pause and get my head  
Hold me down, baby  
Or the wind will catch me out again

I'm giving you up, I'm giving you up  
I'm giving you up, I'm giving you up  
I'm giving you up, I'm giving you up, again.

I want your comfort for the evening  
I need to pause and get my head  
Hold me down, baby  
Or the wind will catch me out again  
Hold me down  
Hold me down  
Hold me down, just keep me for another night
