Midnight on a beach in the medeterranian  
And i miss you  
Even here, taking it all in  
The sand, silvered, carries the moon on it's shoulders  
Is it possible to put this night to tune and move it to  
you?

Don't cry i'll bring this home to you  
If i can make this night light enough to move  
Don't cry i'll bring this home to you

Cargo ships move by, tracing on the horizon line  
There's a lustre from the city lights on the waves that  
kiss our feet  
And we're thinkin' of goin' in  
The time's getting thin

Don't cry i'll bring this home to you  
If i can make this night light enough to move  
Don't cry i'll bring this home to you

This is a city for not sleeping, the clocks are set by feel  
At this moment from where i sit, none of it seems real

Don't cry i'll bring this home to you  
If i can make this night light enough to move  
Don't cry i'll bring this home to you
