Waste a day thru feeling so bad  
I'm tired of getting nowhere  
I'm letting this go, this feeling i've had  
It takes more than i have to give.  
I'm so enlightend by your mystery  
A question eats me up inside  
Each time i look into the sky  
I can't see a thing.  
The way that ifelt  
What's wrong and what's right  
Failed the meaning every time  
Came in swifty but you didn't give me  
A chance to think it over.  
Comfort me i'm cold  
I'm so enlightened by your mystery  
Follow in your own  
You spirit fills me up inside  
Each time i let you in my life  
I feel everything.  
How can i know  
Do i ask? of course i do  
These questions i can't awnser  
Can you?  
Comfort me i'm cold  
I'm so enlightened by your mystery  
Follow in your own  
You spirit lifts me up inside  
Each time i let you in my life  
I feel everything.
