The sun is gone again and the sky has dark cloud  
That reaches to our ceiling  
I'm feeling lonely 'cause now I'm dreaming of you I'm  
screaming  
Your name to hear me  
My heart is for you

'Cause tonight I know  
Tonight I care  
To watch you in your bed and to protect you in your  
sleep  
But this won't make sense to you at all

These memories once again is bothering my mind  
The love that was buried long ago is resurrecting  
because of you  
And now I'm healing myself for you

I'm just dreaming  
Of you  
When will you recognize me  
I'm freezing my emotions  
I'm left here tongue-tied  
I'm waiting for your heart to open up for me

I won't sleep tonight
