Is it over now
You held your hand far from mine
Silence means so much
The connection's lost
Uneasy

One time
Let me hold you tight before goodnight
Last time
Let me stare your eyes before goodbye

Breathing through the wire
Memories remain undying
Rest from regret's the hardest state of tragedy

And I know
Despite of all the risk
Events we cannot change
To tell you you're the one who dwells inside my heart
Is something I can't missed
Please stay with my sight
Just for one more time
So I can fall asleep tonight

Written drops of tear
Heartfelt notes of fear transcending
Chances are at hand
But we fail to grasp the moment
