Minute By Chance "Priceless Surrender"

Suffocating all our memories and storing all your looks
Made me fall into another moment of painful sleep
Distract my solemn rest consistently
These empty pages can't be deferred again
So I'll write a note that's sealed with a kiss for you
Just one touch from your hands
I slowly melt

It won't take long to disconnect This silence will never die

Pour out the pieces of broken glass to another bleeding heart

I slowly realize how I whisper this word "goodbye"
'Cause your messages hurt more than a bullet
And I'll scream your name at the top of my lungs
So I'll completely surrender into your arms
Just one look from your eyes
I disappear

Analyzing your ultimate exit

Makes these preceding figures in black and white

Our hearts are burning since the beginning

It's the alarming news that awaken our memories

Why you like transparent smile

You can't take the bloodstains that stick to our letters

Your eyes are betraying

They're telling me something
