.....red and betrayed  
We all make mistakes  
And I've just made my worst  
Deceived and dismayed  
..... displayed  
Killed, cut, carved and cursed

Answer me  
Answer me  
Oh please just answer me

Judge's gavel(?) spoke  
As he hung the rope  
From the old abandoned tree  
Fear struck a chord  
Run out through the carts  
I fell down to my knees

Answer me  
Answer me  
Oh please just answer me

There's just as much malice  
In a wink as in a word  
Oh so I have heard

Answer me  
Answer me  
Oh please just answer  
Please just answer  
Please just answer me
