I can tell you want me in the club
Tell you want that DaDa
Cause when you look me in the eye
You itchy, you thirsty
Can tell I got you sprung
Wanna do that rubbadub
Tell a lie for just one dip of
My candy, but see

If you want that Dada, that DaDa
You better give me that oh ah ah ah
You gotta make me come
Finish what you begun
Want that DaDa, that DaDa
You better give me that oh ah ah ah
you gotta make me come
get the work done

If you want that DaDa
Better give me what I want from you
Ey and if you want that DaDa
Better be able to what I can do
Ey and if you want that DaDa
Better be able to make me come for you
Ey if you want that DaDa
Better be ready when I come through

Feenin for some fun
Feenin for that DaDa
Cause when you give me that eye
You ready to get me
Feenin for you to come
On a fine young Donna
and looking towards this Mama
for candy but see

If you want that Dada, that DaDa
You better give me that oh ah ah ah
You gotta make me come
Finish what you begun
Want that DaDa, that DaDa

You better give me that oh ah ah ah
you gotta make me come
get the work done

If you want that DaDa
Better give me what I want from you
Ey and if you want that DaDa
Better be able to what I can do
Ey and if you want that DaDa
Better be able to make me come for you
Ey if you want that DaDa
Better be ready when I come through

Dadadadadadadadadadadada.....

If you want that DaDa
Better give me what I want from you
Ey and if you
Better be able to what I can do
Ey and if you want that DaDa
Better be able to make me come for you
Ey, and if you
Better be ready when I come through
EY
