A vapor,
A whisper..
Creeping into me
A motion,
A reflex..
Overwhelming me
A power,
A master..
Who enslaves me
A hope,
A dream..
Give me my wings! (x2)

(Chorus)
Butterfly's form!
Break my cocoon!
Give me my wings!
Butterfly's form!

A name,
A face..
Who I used to be
A thought,
A motive..
Who I want to be
An answer to a riddle..
Who am I to be?
A hope,
A dream..
Give me my wings!
I wish to be free! (x2)

(Chorus)
