

## Mirai "Nightbloom"

Down at the bottom  
A blossom in ashes  
Trying to mend  
Anchored in shadow and  
Reaching for light.  
Reaching for light.

Let me raise you higher,  
Away from all this.  
Past the endless night...  
Into light...  
..To light.  
You've carried this pain  
For far too long.  
You've carried this pain  
For far too long.

Anchored in shadow and  
Reaching for light.  
Reaching for light.  
For your life.

I'll carry the burden.  
I'll carry you home
