i know you, see
some how the world will change for me
and be so wonderful

live, life breathe air
i know some how were gonna get there
and feel so wonderful
its all for real

im telling you just how i feel
so wake up the members of my nation
its your time to be

theres no chance unless you take one
its your time to see
the brighter side of every situation
some things are meant to be
so give me your best and leave it all to me
leave it all to me
leave it all to me
just leave it all to me
