I don't want to see you or feel you  
I don't want to look into your eyes  
I don't want to touch you or miss you  
I just want to love your memory tonight

I can't handle all this pain  
All we ever do is fight anyway  
Why we even tried I haven't a clue  
With hearts involved there's way too much to loose

I don't want to see you or feel you  
I don't want to look into your eyes  
I don't want to touch you or miss you

I just want to love your memory tonight

You were something else to look at  
Your intentions they weren't all bad  
You tried to make me something I wasn't  
Lord knows there aint no future in all that

I don't want to see you or feel you  
I don't want to look into your eyes  
I don't want to touch you or miss you  
I just want to love your memory tonight
