I know a gal got a lot to lose
She's a pretty nice lady but she's kinda confused
Got muscles in her head, ain't never been used
Thinks she owns half of this town

Starts drinking heavy, gets a big red nose
And she beats her old man with her panty hose
Then takes him out buys him new clothes
That's the way that the world goes 'round

That's the way that the world goes 'round
One minute you're up, the next you're down
It's half an inch of water and you think you're gonna
drown
That's the way that the world goes 'round

Well I was sitting in the tub just counting my toes
When the radiator broke, and the water froze
Got stuck in the ice without any clothes
Naked as the eyes of a clown

I was crying ice cubes hoping that I'd croak
When the sun come through the window and the ice all
broke
I said son of a gun man that's just a joke
That's the way that the world goes 'round

That's the way that the world goes 'round
One minute you're up and the next you're down
It's half an inch of water and you think you're gonna
drown
That's the way that the world goes 'round

That's the way that the world goes 'round
One minute you're up and the next you're down
It's half an inch of water and you think you're gonna
drown
That's the way that the world goes 'round
That's the way that the world goes 'round
That's the way that the world goes 'round
