

Mirror Of Deception "Bleak"

Visit "[Bleak](#)" on MotoLyrics.com

As the light fades
And hope evades
When darkness descends
And all joy ends
When dreams turn to dust
When life seems unjust
All colours turn to grey
And illusions melt away
When trust is betrayed
And frustration ambushes
When friends turn to foes
And the walls echo your woes
When dark clouds cover the sun
And the last shelter is gone
When you're naked, facing the storm
And all you get is fear and scorn
When forebodings haunt your dreams
And your deepest fears are redeemed
You creep back into your cave
Hide yourself and hope to feel safe
When nightmares turn real
And pain is all that you feel
On a permanent escape
But there's none and that's your fate
