(Ignorants  
Another One  
Uh-Huh)

All I Want  
Is To Be With You  
But I Just Got To Live  
Live My Own Life Too  
All I Need To Know (Need To Know That The World)  
That the world is nuts - Snap my Fingers and Everything  
Is Fine  
That's All (That's All)

Firing It Up And Away We Go

Sitting Looking In The Mirror  
Like Alice In Wonderland  
Life's a never ending journey - careful don't go fast  
Sometimes I can't help myself from falling in too deep  
I know it my be hard to tell your love is calling me

I want it all  
A car and fancy crib  
I want it all  
Cos honey that's the way it is  
I want it all  
Credit cards and expensive things  
I want it all  
Cos it's my prerogative  
I want it all  
A man that will care for me  
I want it all  
Be there and never leave  
I want it all  
So baby don't get mad at me  
Don't you know I've got to have it all?

Floating On a sea of dreams on a magic carpet ride  
Take control of my destiny - it's only a matter of time  
That I will find that Midas Touch  
And everything will turn to gold

It would mean nothing  
Without you here to hold

I want it all  
A car and fancy crib  
I want it all  
Cos honey that's the way it is  
I want it all  
Credit cards and expensive things  
I want it all  
Cos it's my prerogative  
I want it all  
A man that will care for me  
I want it all  
Be there and never leave  
I want it all  
So baby don't get mad at me  
Don't you know I've got to have it all?

I want it all  
A car and fancy crib  
I want it all  
Cos honey that's the way it is  
I want it all  
Credit cards and expensive things  
I want it all  
Cos it's my prerogative  
I want it all  
A man that will care for me  
I want it all  
Be there and never leave  
I want it all  
So baby don't get mad at me  
Whoa...

I Can read it in the stars that what I want is who you are  
I will let my hair down for you a thousand times to show  
you  
That when you reach me at the top  
I'm gonna give you all I got  
And wherever we will go  
Our hearts will follow

(Rap By Ignorants)

I want it all  
A car and fancy crib  
I want it all  
Cos honey that's the way it is  
I want it all  
Credit cards and expensive things

I want it all  
Cos it's my prerogative  
I want it all  
A man that will care for me  
I want it all  
Be there and never leave  
I want it all  
So baby don't get mad at me  
Don't you know I've got to have it all?

(She want it all)  
A car and fancy crib  
(She want it all)  
Cos honey that's the way it is  
(She want it all)  
Credit cards and expensive things  
(She want it all)  
Cos it's my prerogative  
(She want it all)  
A man that will care for me  
(She want it all)  
Be there and never leave  
(She want it all)  
So baby don't get mad at me
