Cold hand is stretching  
To the portal of destiny  
Dark dimension shall clarify  
The conception of mortal one

Line between two worlds  
Pain... and irrevocable...  
From deep shall found oblivion  
Eternal.. unknown...

How short is the bridge  
Between two worlds  
How is mind calling  
For cold death

Line between two worlds  
Pain... and irrevocable...  
From deep shall found oblivion  
Eternal.. unknown...

Sleeping in cradle of white lake  
Child of oblivion  
Northern wind is closing the bridge slowly
