So-so-so Scandulous

You know you wanna sing with us,baby
That's why you know you should be scaried of us,baby

Let's talk, Next to kill
Straight talk, Sex appeal
One touch gives me chills and we ain't even close yet
Perfect all around
Ding Ding all over town
Show me how you get down
Coz we ain't even close yet

You got me feeling even and you got me feeling weak
Listen as we speak, Coz i'm deaf all as a creek
You got me going crazy and you know i cannot sleep
Your falsing your moves and you hipnotise me
You got me trembling like a little baby girl
Your so special your my diamonds and pearls
You got me spinning and i'm all in a twirl
Your my number 1 baby and your here to rock my world

Your dangerous
Just get it on
The way you move
So scandulous
It's all about the two of us
A one night stand just ain't enough

It's a little stimulation baby
A little conversation maybe
You got me spinning around like a crazy
There goes my baby

Scandulous
So Scandulous, baby
Scandulous
So-so-so Scandulous(WHAT)

Hot stuff
Head to toe

You go where no one knows
To style
Little doll
And we ain't even close, yet
Solid as a rock
How many way's can you hit the spot
Show me what you got
Coz we ain't even close, yet

You got me feeling even and you got me feeling weak
Listen as we speak, Coz i'm deaf all as a creek
You got me going crazy and you know i cannot sleep
Your falsing your moves and you hipnotise me
You got me trembling like a little baby girl
Your so special your my diamonds and pearls
You got me spinning and i'm all in a twirl
Your my number 1 baby and your here to rock my world

Your dangerous
Just get it on
The way you move
So scandalous
It's all about the two of us
A one night stand just ain't enough

a little stimulation baby
A little conversation maybe
You got me spinning around like a crazy
There goes my baby

Scandalous(baby)
So scandalous
Scandalous(baby)
So-so-so scandalous

A little conversation goes a long long way
Coz your little patient
And your here to stay
So show me that you ain't alone

Your dangerous
Just get it on
The way you move
So scandalous
It's all about the two of us
A one night stand just ain't enough

a little stimulation baby
A little conversation maybe
You got me spinning around like a crazy
There goes my baby

Your dangerous
Just get it on
The way you move
So scandalous
It's all about the two of us
A one night stand just ain't enough

It's a little stimulation baby
A little conversation maybe
You got me spinning around like a crazy
There goes my baby

You know you wanna sing with us,baby
That's why you know you should be scaried of us,baby
