"Promise you'll be true until the end"  
Words that you spoke when you were my friend  
Now I see that things have changed  
All that's left of us is an ounce of pain  
Open your eyes, I fought for you  
Stabbed in the back, what can I do?  
Built to last until the end  
I refuse to fight for your promised land  
I refuse!  
Everything you ever told me {Whoo-OOh-Ooh-ohh...}  
Everything you said  
All those lies still in my head  
Everything you ever told me {Whoo-OOh-Ooh-ohh...}  
Everything you said  
All those lies still in my head  
All those lies still in my head  
"Promise you'll be true until the end"  
Words that you spoke when you were my friend  
Now I see that things have changed  
All that's left of us is an ounce of pain  
Open your eyes, I fought for you  
Stabbed in the back, what can I do?  
Built to last until the end  
I refuse to fight for your promised land  
I refuse!  
Everything you ever told me {Whoo-OOh-Ooh-ohh...}  
Everything you said  
All those lies still in my head  
Everything you ever told me {Whoo-OOh-Ooh-ohh...}  
Everything you said  
All those lies still in my head  
All those lies still in my head  
Go!  
You say  
You have to fight hard to stay alive  
Betrayed  
I don't see no reason why  
You always took me for granted  
But now things have changed  
And I'm stronger this time  
Yeah I won't go away  
You better watch me now

Cause I'll be coming strong  
And you better believe it  
FUCK YOU!  
I refuse!  
Everything you ever told me {Whoo-OOh-Ooh-ohh...}  
Everything you said  
All those lies still in my head  
Everything you ever told me {Whoo-OOh-Ooh-ohh...}  
Everything you said  
All those lies still in my head  
All those lies still in my head
