We see this shit here everyday
Yeah right before our eyes
We know it's no illusion
But still we cover up with lies
Wake up
It's no illusion
Wake up
It's no illusion
We see this shit here everyday
Yeah right before our eyes
We know it's no illusion
But still we cover up with lies
Wake up
It's no illusion
Wake up
It's no illusion
It's no illusion...
It's no illusion...
It's no illusion...
IT'S NO FUCKIN' ILLUSION
Look around
This shit is happening here everyday
No more fights
Why can't we solve things in a peaceful way
So I say STOP!
Wake up
It's no illusion
