{Twenty thousand hardcore members}
{I say the future is ours}
Words from the streets We're taking over
No more looking back on yesterday
While you were spreading hatred
Our crew was getting stronger
You better watch your back
Cause we won't take it any longer
Such a wonderful feeling in my head
It's a new beginning so let's start today
Such a wonderful feeling in my head
Well the time is right, we'll never go away
Whoo!
One step at a time
That is all it takes
Time to look ahead
Never pump the brakes
There's no looking back
Gotta move along
Friendship is the key
Together we're strong
I see the light, I tell you all
Let's start today
Our time has come and
I promise you we won't go away
Words from the streets We're taking over
No more looking back on yesterday
While you were spreading hatred
Our crew was getting stronger
You better watch your back
Cause we won't take it any longer
Such a wonderful feeling in my head
It's a new beginning so let's start today
Such a wonderful feeling in my head
Well the time is right, we'll never go away
{Nobody is wasting nobody}
{That is a miracle}
{And miracles}
{Is the way things ought to be}
Together we're strong
One step at a time
That is all it takes

Time to look ahead
Never pump the brakes
There's no looking back
Gotta move along
Friendship is the key
Together we're strong
Friendship is the key
They can't tear us apart
Never pump the brakes
Friendship is the key
They can't tear us apart
Together we're strong
One step at a time
That is all it takes
Time to look ahead
Never pump the brakes
There's no looking back
Gotta move along
Friendship is the key
Together we're strong
Yes, together we're strong
I tell you, so strong
