{Dragon whips his tail}
Got a story for you now
Doesn't matter who you are {Who you are}
It ain't hard to see
You choose how you wanna be
Hardcore, punk or ska
It doesn't matter what you choose {What you choose}
Now we're breaking free
Fight for global unity!
No boundaries
Let's all unite
Just believe it
Fighting to stay alive
No boundaries
Let's all unite
Just believe it
Far too many stupid rules
Telling us how we should act {How to act}
It ain't hard for me
I walk the path of unity
Like so many times before
We are breaking down the walls {Break the walls}
Take a look at me
This is how I choose to be!
No boundaries
Let's all unite
Just believe it
Fighting to stay alive
No boundaries
Let's all unite
Just believe it
Let's all unite
Let's all unite
No boundaries
Let's all unite
Just believe it
Fighting to stay alive
No boundaries
Let's all unite
Just believe it
