{Everybody needs a friend }

Go!

Still remember every word you said
Your voices still echoing in my head
Walked the same path so many times
United as one, we stood side by side

So many years of love and pride
You made us feel so alive
Brothers, sisters, all our friends
We said it before and now we say it again

{And this is how we say it}
This is fuckin' how we say it

You're the reason
Always in our hearts
This why we're here
Why we're here

You're the reason
Always in our hearts
This why we're here
Why we're here

This is why we're here

{The conclusion}
{No confusion}
{All our dreams of revolution}
{Can you see it in my eyes}

The conclusion
No confusion
All our dreams of revolution
Can you see it in my eyes
A world of peace without telling lies

You are our inspiration
You are our motivation

We put our trust in you
Together we can make it true

You're the reason
Always in our hearts
This why we're here
Why we're here

You're the reason
Always in our hearts
This why we're here
Why we're here

You're the reason
Always in our hearts
This why we're here
Why we're here

The reason... in our hearts
The reason... in our hearts
