

Misconduct "Stop The Fight"

No more battles needed
We don't want no guns
Time to turn all things around
Hey! Hey! Stop the fight!
I got this situation burning in my mind
Is this the end of human kind?
This question's always on my mind
Hey! Hey! Stop the fight!
Can't trust this, can't trust ourselves
Every minute, every hour of the day
We don't live, we don't care
We just throw our lives away
War is not the answer
We must let them know
Time to protest, can't just let it go
Hey! Hey! Stop the fight!
I got this situation burning in my mind
Is this the end of human kind?
This question's always on my mind
Hey! Hey! Stop the fight!
Can't trust ourselves
Every minute, every hour of the day
We don't live, we don't care
We just throw our lives away
Can't trust this
Can't trust this
Can't trust ourselves
Can't trust this
Can't trust this
Can't trust ourselves
Can't trust this
OH NO!!!
Can't trust this
Can't trust ourselves
Can't trust this
OH NO!!!
